25th June 2026

Dear Buyer,

Thank you for attending the Sampada Agri Production Auction today. We sincerely appreciate your presence and continued support. As our business continues to expand, our beef production operations require additional land for backgrounding. To accommodate this growth, we have made the strategic decision to reduce the breeding herds on three of our farms. This has created a unique opportunity for us to offer these highly fertile and productive animals for sale today.

Importantly, we have not retained any cows from these three herds. Every animal from these breeding units has been included in this auction, reflecting our commitment to a genuine herd reduction rather than a selective sale.

Regarding Foot-and-Mouth Disease (FMD), we can confirm that none of the animals offered for sale today have ever been kept on a farm that tested positive for FMD. The farms Kliprivier, Klipdrift, and Roodepoort, where these animals have been maintained for the past two years, were at times located within a precautionary quarantine radius; however, none of these farms ever recorded a positive FMD case.

All animals have been vaccinated against Foot-and-Mouth Disease and have tested negative for both brucellosis and tuberculosis. Furthermore, all movement, testing, and vaccination requirements prescribed by the relevant veterinary authorities have been fully complied with.

To provide buyers with complete transparency and confidence, our veterinarian, Dr Johan Cronje, and our animal health consultant, Dr Shaun Morris, will be available on the day of the auction to answer any questions regarding our animal health program and management practices.

Once again, we thank you for your support and confidence in our operation. We trust that these animals will provide many years of productivity, profitability, and enjoyment on your farm.

Yours sincerely,

Johann Abrie
